

Special Education Sub-Committee Report April 2010

Chair: Jeanne Taylor

On Monday, February 1, 2010 we met in the Carver Cafeteria. The plan was to watch "Ennis' Gift: A Film About Learning Differences" but the only VCR/DVD player that was left in the room was not operable. Apparently a working machine had been set up earlier in the day but someone had removed it. Instead of watching the movie we ended up having a frank discussion about issues facing special education families in Montgomery County.

We are gearing up for the Twenty-second Annual Special Education Recognition Ceremony. The announcement letters, invitations and list of winners were sent out. Thirty-two Students, Parents, Programs and Educators will be honored. The Program has been finalized and sent to Pam Loebach, MCCPTA Office Manager, for copying. Food and entertainment have been arranged and speakers have been verified. The next step is to create the award certificates.

The May 10 Ceremony is our final event of the 2009-2010 school year.
